

A BUSINESS SYSTEM BUILT FOR GROWTH

Our business system is the reason North Coast Container is now the largest independent manufacturer of steel drums in North America. It's also why we've delivered quality, reliability, and customer-driven service to customers for 100+ years.

Respect for our team and our customers:

- ✓ 98% of our top customers have been with us for 5+ years.
- ✓ Customers spend 3.4x more on average in their fourth year compared to their first year.

Customers come first:

- ✓ We out service the competition in responsiveness, direct access to leadership & supply chains.

OUR GROWTH STORY

Our business system creates a foundation for growth not only for our customers, but for NCC as well.
